

NIAGARA *Label*

ARTWORK GUIDELINES

- Files should be created in Adobe Illustrator, Adobe Photoshop, Adobe InDesign or provided as a high resolution PDF and/or vector based PDF
- All raster based files should be a minimum of 300 dpi
- Any linked files should be included or embedded
- All fonts should be included or converted to outlines (outlined file will not be editable)
- Any graphics that extend to or past the die cut need to include a 1/16" bleed
- Any graphics not bleed will need to be at least 1/16" from the die cut
- Large files can be uploaded to our FTP or Dropbox account (information provided upon request)

Please do not hesitate to contact our customer service or sales department with any questions or concerns.
